Mulisa Mavhina

University Of Johannesburg BSc Computer Science and
Informatics (Final Year Student)

👤 Profile

Energetic and results-driven professional with a proven track record
as a Residence Academic Advisor at UJ Sophiatown, guiding students
towards academic excellence. Experienced in Android applications
development and Java programming through an internship with
Codsoft, showcasing innovation and problem-solving prowess.
Currently pursuing a BSc in Computer Science and Informatics(final
year), complemented by a role as a dedicated tutor and assistant for 1st
and 2nd year computer science students at UJ, fostering a collaborative
and supportive learning environment. Ready to leverage my skills and
achievements to drive impactful results in the tech industry!
